Mr. Wilson:

I am writing this letter to express my sincere gratitude and satisfaction for a job well done and for providing top notch support and customer care. Members of your organization not only created an incredible website for Janus Lofts over one weekend and with no notice from our organization but have come through instantly on countless designs and promotional pieces that we always seem to need the day we contact you. I have never experienced a group able to perform so well from myself or one of my managers just picking up the phone, conveying a general idea and a deadline date.

From creating sharp brand images to a same day post card, Legal-Animatics has stunned our marketing professionals with its style, speed and ability. It is nice to know that I no longer have to monitor the process of developing sales materials and promotional campaigns as you have perfected a one stop, one call does it all service. Your innovations in technology place you light years ahead of the competition and place our campaigns on a completely different level that leave our competitors envious.

If you ever need me to speak with a potential client or need any type of reference whatsoever please do not hesitate to use my cell phone at 317-339-2842. I thank you again for all you have done and continue to do and am anxious to do businesses with your firm very soon.

Sincerely

Aaron Reel
